

OLIMPIA

Bedroom

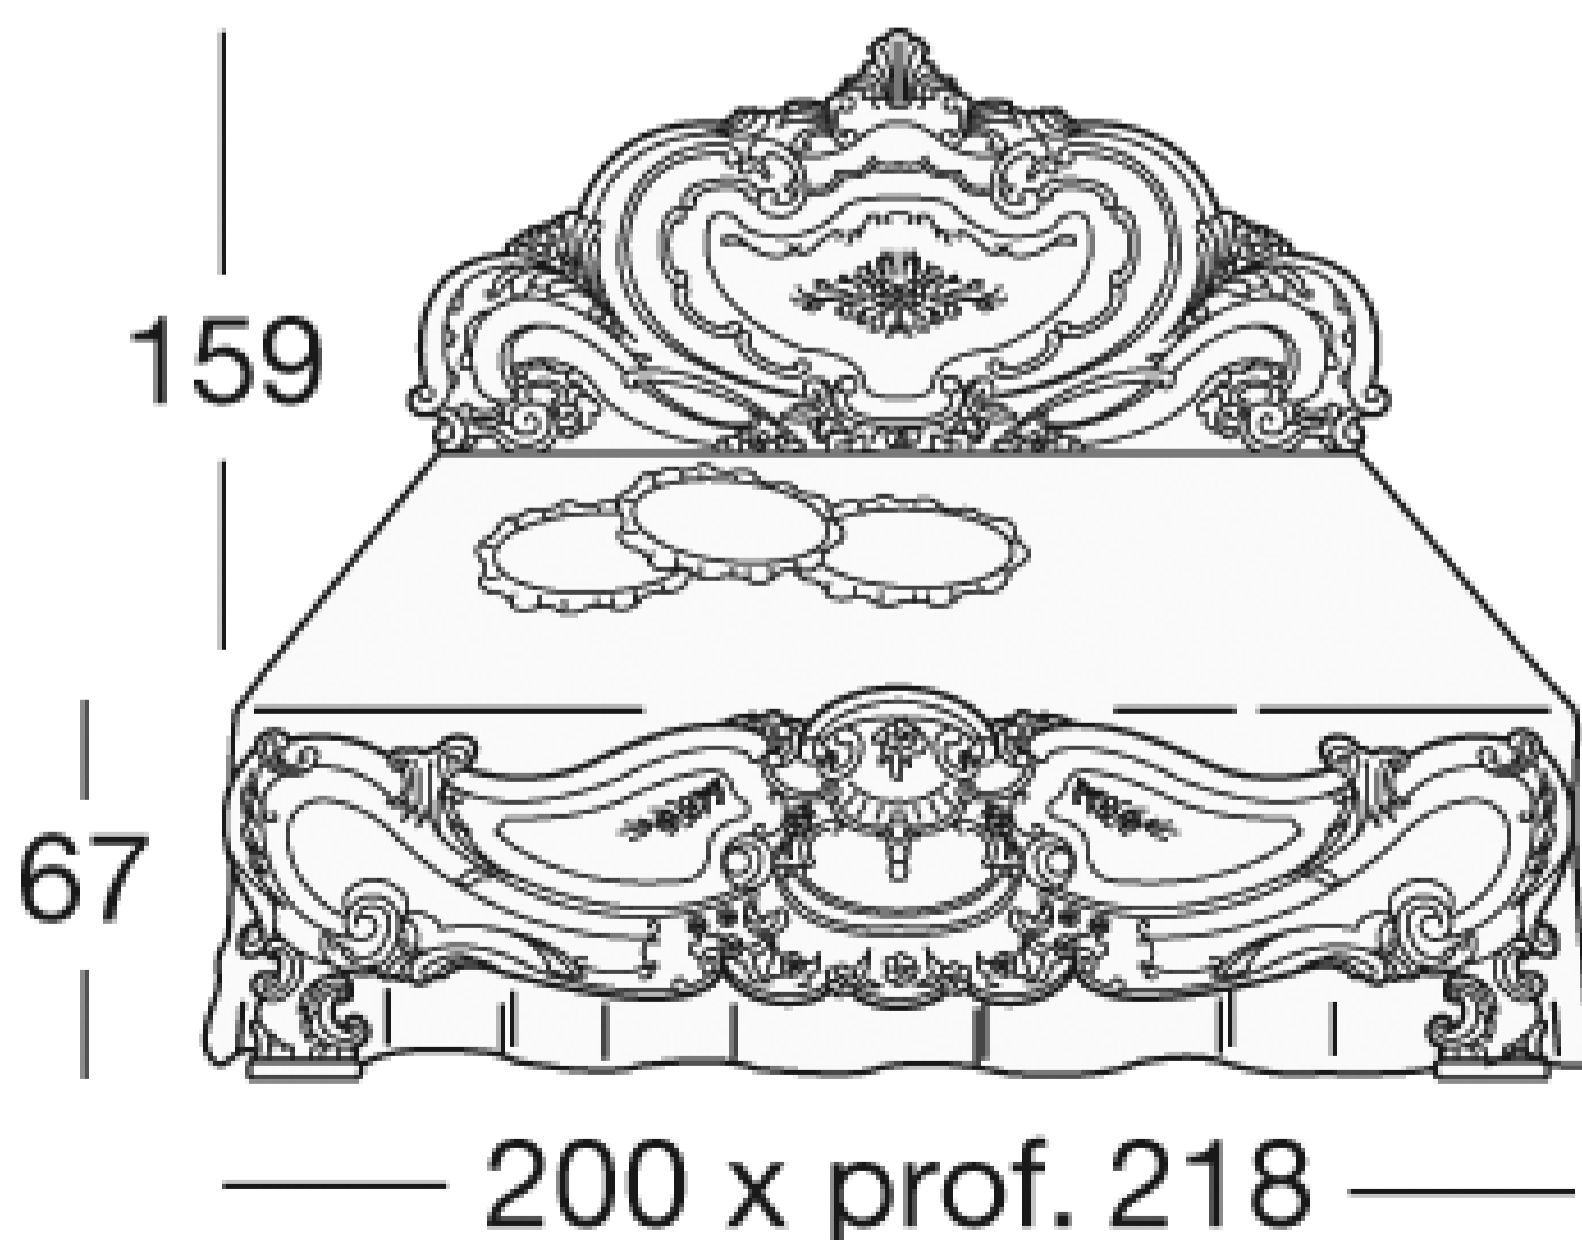

Infinitely baroque, beautifully carved, and lavish. Olimpia is an important and eccentric room where every article that composes it is rich in opulent and sinuous details. The goal is to fascinate and amaze. The Olimpia room then enters into this context, with beds with an artificial and refined structure.

Beds

The bedroom Olimpia is infinitely baroque and beautifully produced so the beds, undisputed protagonists, could not be less. The three models proposed for this room differ from small substantial details on the headboard, bed frame and footboard. The timeless charm of this collection has made it, over the years, recognisable.

Night table

The night table of the Olimpia collection is baroque in every aspect. Rounded shapes, friezes, elaborate carvings, thick details, curled feet on a solid base: these are the features that are shared by every item belonging to this collection. This article is equipped with three spacious and comfortable drawers for every need.

Chest of drawers

In the Olimpia collection there is a chest of four drawers in perfect stylistic line of the room. The baroque style is recognizable at first sight and refers to an unforgettable memory. An article designed to amaze and be functional in an environment for everyday use. To match the chest of drawers there is the majestic mirror of the Olimpia collection.

Dressing table

In the Olimpia collection there is a dressing table with six drawers, three on each side, incredibly baroque and handcrafted perfect from every point of view. The attention paid to details by expert hands is immediately distinguishable. Friezes and carvings take over the rest of the collection creating an article not only beautiful but also highly valued like the rest of the set.

Pouf

Small, comfortable, and very useful, the pouf is the kind of accessory that cannot miss in an important and majestic bedroom like Olimpia. The feet at the base reflect the details of the set and the comfortable seat ensures ease in a small space.

Wardrobe

The Olimpia collection ends with four different types of wardrobes. The smaller, with two doors and two external drawers, is followed by three much larger wardrobes in which there are, for example, four doors and six external drawers or another with two internal mirrors and the last one with four doors and two central external mirrors. There is a kind of wardrobe that suits in every place and situation.
